SEN/D POLICY

This policy is designed to set out Litcham School's Aims and objectives.

PART 1: Introduction

1.1 Philosophy

All members of staff, in conjunction with the authorities, (Governing Body and LA) have a responsibility to ensure that every student has an equal opportunity to attain their maximum potential in all aspects of the curriculum. Students are entitled to a broad and balanced curriculum, including the National Curriculum (incorporating personalised provision), and their relative progress will be recorded, valued and reviewed.

Students have special educational needs if they have a *difficulty accessing the curriculum*, temporary or more long-term, which calls for *special educational provision* to be made for them.

Students have *difficulty accessing the curriculum* if they:

- Have significant difficulties in learning in comparison with the majority of children of the same age.
- Have a disability*, which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age.

Special Educational Provision may be triggered when students fail to achieve adequate progress, despite having had access to a differentiated programme. Parents* and staff will be informed that the child has special educational needs and appropriate provision identified to meet the student's individual need(s) will be made.

- Throughout this policy, "parents" should be taken to include all those with parental responsibility, including corporate parents and carers.
- Throughout this policy, "SENDCo" should be taken to include SENDCo and Deputy SENDCo
- Throughout this policy, "Headteacher" should be taken to include Head of School and Executive Headteacher

**See 'definition of disability' at end of this policy.*

Lack of adequate progress may be indicated by:

- Little or no progress despite the use of targeted teaching approaches and a differentiated curriculum.
- Working at levels significantly below age expectations, particularly in Literacy or Numeracy.
- Presenting persistent emotional and / or behavioural difficulties, which have not been managed by appropriate strategies usually employed.
- Sensory or physical impairments that result in little progress despite the provision of appropriate aids or equipment.
- Poor communication or interaction, requiring specific interactions and adaptations to access learning.

1.3 Curriculum Support [Provision] is achieved by:

1. Identifying and assessing individual student's needs.
2. Reporting of students' needs to all members of school staff.
3. Providing an appropriate curriculum, taking into account;
 - National Curriculum and examination syllabuses
 - Continuity and progression
 - Departmental development plans.
4. Delivering an appropriate curriculum, taking into account;
 - Suitable teaching materials
 - Effective, Adaptive teaching strategies
 - A supportive learning environment
 - Encouraging a positive self-image.
5. Providing learning support through;

 - INSET.
6. Using outside agencies where necessary and appropriate.
7. Monitoring individual progress and making revisions where necessary.
8. Ensuring that parents / carers understand the process and involving them in the support of their child's learning.
9. Encouraging students with SEN/D to actively participate in all decision making processes and contributing to the assessment of their needs, meetings and transition process.
10. Making regular reports to governors regarding SEN/D issues to raise awareness and to aid implementation of processes and procedures.
11. Teaching Assistants and teachers collaborate effectively.

Students with SEN/D are integrated and included fully into the life of the school as a whole, including its social and cultural activities.

The school believes that:

PART 3: Identification, Assessment and Provision

3.1 Identification

The school uses the **graduated response** as outlined in "The Code of Practice (2014)". To help with this process a variety of screening procedures are used, which are then disseminated to teaching staff via the SEN/D area.

Intake for Reception

a) Early Years settings liaison

The Reception Teacher makes several visits to any Early years settings of new intake pupils during the summer term before entry. The Primary SEND lead will arrange individual transition meetings with the Early Years SENDCo, parents, Reception teacher and support workers for any child identified as having a learning difficulty and who is on SEN support or has an EHC Plan. A follow up meeting takes place in the following Autumn Term to assess the success of the transition.

b) External support

- Access Through Technology and School to School support (special school outreach support)

New Intake Students in Year 7

a) Primary Liaison

Feeder primary schools are visited / contacted throughout the year prior to transfer. Any student identified as having a "learning difficulty" and who is on SEN Support or has an EHC plan referred to the SENDCo. Contact is then made with the primary school.

The LA notifies school about students who are transferring with EHC plans in the Autumn of their year 6. Where practicable, the SENDCo attends their Annual Review to ensure a smooth transition is made. At this meeting, the SENDCo becomes the Lead Professional for the child with an EHC plan. Additional transition meetings take place in year 5 and Yr 6, when notified. Relevant information is disseminated to teaching staff before transfer.

b) Initial Screening

- KS2 tests
- Reading, spelling, writing tests
- Access Reading Test
- Tests undertaken by the SENDCo as identified

Screening in Other Year Groups

Other screening tests are administered when required.

Individual Diagnostic Assessments

Individual diagnostic assessments are used for students who are placed on the Summary Sheet List. A battery of tests is available, including the Access Reading and Vernon Spelling Test. This information is made available to members of staff through Provision Map, a recommended and well-thought of piece of software.

Staff Observation

- Members of staff consult with the SENDCo if they notice students who may need specialist help during the school year. Evidence for that concern must be produced, prior to any testing and / or additional intervention being undertaken.
- The SENDCo may then ask for additional diagnostic assessment to be undertaken by other professionals.

Referrals by Parents or Carers

- A student's parent may express concern. Once information is gathered the process is the same as for staff referrals.
- All parental referrals are acted upon.

3.2 Provision

Teaching students with SEN/D is a whole school response. Central to the work of every teacher and subject is a continuous cycle of planning, teaching, assessment and evaluation that takes account of the wide range of abilities, aptitudes and interests of the students. The majority of students at Litcham learn and progress through these differentiated arrangements.

A Graduated Response is adopted for students identified as having SEN/D. A level and type of support is provided to enable the student to achieve adequate progress. Provision is identified and managed by the SENDCo but will be planned and delivered by teaching and support staff.

Graduated Response

Wave 1 – Quality First teaching by all teaching staff.

Wave 2 - Is initiated where students have failed to make adequate progress as identified by the SENDCo through the assessment arrangements as in 3.1.

Criteria for Wave 2 include:

- low Numeracy / Literacy scores
- Teacher's observations
- Feeder Primary Teachers' comments
- Concerns from staff or parents

Provision from within the school's resources is identified to help meet the student's needs.

Interventions may include:

- Additional learning programmes such as Literacy and Numeracy.
- Smaller group sessions.
- Appropriate teaching groups / sets.
- Group support on a regular basis.
- Numeracy, Literacy and booster classes, where appropriate.
- Additional staff training.

b) Wave 3

Where students fail to make adequate progress, despite additional provision at Wave 2, the school seeks advice and involvement from external support services.

They are requested to:

- Provide specialist assessments.
- Give advice on teaching strategies or materials.
- Provide short-term support or training for staff.

The Learning Plan is revised and new strategies are put in place following the involvement of student and parents. Should the assessments identify that the student requires additional provision on a regular basis for an extended period then the school will apply for additional resources. The application will be evaluated against criteria established by the LA.

c) Statutory Assessment / Education Health Care Plans

If a student fails to make adequate progress and has demonstrated a significant cause for concern, the school and / or a parent / carer may decide to request that the LA undertakes a statutory assessment. This may lead to the student being provided with an EHC plan.

The SENDCo is responsible, on a daily basis, for providing support and mentoring, allocates students with an EHC Plan a specified amount of support / provision. The process of target setting, monitoring and reviewing remains the same as at Wave 2 and Teaching Assistants are fully involved.

3.3 Learning Plans and Reviews

The strategies that will be employed at Wave 2, Wave 3 and for students with EHC plans are recorded in Learning Plans, reflecting provision that is additional to, or different from, normal differentiated provision. All students with SEN/D have a Learning Plan, which is reviewed each term.

Contents of the Information Sheet include:

- Access Arrangement information
- Teaching strategies to be used
- Additional provision to be put in place
- Data referring to attainment and specific needs.

The Learning Plan is communicated to all staff who support the student's learning, and to the parents or carers and the student.

Learning Plans are constantly reviewed and updated, but also form part of the formal review process following consultation with teaching staff and new targets identified. Prior to review, teaching staff;

- Outline the steps they have taken to help students achieve their targets
- Provide current assessment information
- Provide feedback of what is observed in lessons
- Feedback how well the targets have been achieved
- Advice on future targets

3.4 Continuous monitoring of individual progress

Monitoring of individual progress is completed rigorously by the School through individual reviews, screening tests and also through procedures described in the School's Assessment Policy.

3.5 Provision of an appropriate curriculum

Through their departmental development plans, the SEF and in conjunction with EHC plans, provision for students with SEN/D is regularly reviewed and revised.

It is the responsibility of individual departments at the school to ensure that the requirements of the National Curriculum are met for those students with SEN/D in partnership with the Learning Support Dept.

- Individual departments can ask for INSET from the SENDCo as required, for specific purposes or generic training.
- Whole-school INSET, focusing on specific needs is included, where appropriate, on staff training days and during twilight sessions.

3.7 Allocation of Resources

The school is funded to meet the needs of all their students through its core budget but is additionally funded to support provision for SEN/D through:

- Deprivation and underachievement factors, based on the number of students receiving free meals and those underachieving on entry.

- Funding for specific students to meet their assessed needs through the Local Authority INDES process. INDES stands for Individual Needs Descriptors.
- Also, in some part, the Pupil Premium and LAC funding where appropriate.
